

QUALITY MANAGEMENT POLICY STATEMENT

The aim of Cuffe plc is to provide services that meet the Client's requirements and conform to the relevant regulations, codes and specifications. This will be achieved by: -

- Clearly defining the standards for quality for each activity and to maintain and communicate those standards to all personnel and suppliers
- Improving efficiency by encouraging all personnel and suppliers to adopt a "Right First Time" attitude to their work by pre-planning and attention to detail
- Providing comprehensive training and instruction, supported by a fully documented system
- Continuously improving our offering by identifying and effectively solving problems as they arise and without delay

We are committed to complying with all regulations and legislation and to continually improving the services to our customers; in line with our ISO 9001:2015 certified Quality Management System and will: -

- Operate at all times in accordance with our Quality Management System
- Ensure that all Company personnel work in accordance with the procedures detailed in the Quality Management System
- Develop mutually beneficial long-term relationships with reliable subcontractors and suppliers
- Ensure all work is carried out in accordance with our Management Systems, procedures and policies

For the Execution of the Policy:

A Director has been charged with the overall responsibility and authority to implement this policy.

All Cuffe plc employees are suitably trained, it is however their responsibility to familiarise themselves with the requirements of the management system and in particular those areas of the management system that they impact upon.

This policy will be reviewed annually or when a change in business direction is required.

This policy has been approved and authorised by:-

Mr Simon Cook
Managing Director
